

End Stage 2 English – Discussion – Grade C

Discussion

Should year 4 be given Homework?

Many people think homework is a waste of time. Many people don't!!!

Children in year 4 should be given homework to practise things that they ^{have} learnt and revise it over the past week. Homework is very important!!! Children and parents think it is good to expand their minds at home instead of watching junk on T.V. On the other hand students in year 4 think homework should not be given because of these reasons - soccer, netball, tennis, cricket, hockey and other things. As well students think it's boring and they get headaches. Some students have a strong mug and do it in a flash.

I recommend that every child should make time to do everything to make it easy learning easier.

By

Adequate structure but viewpoints not well articulated

The language used is mostly appropriate and persuasive but paragraphing is lacking

Grade Commentary

Jo has demonstrated a sound understanding of the conventions of the text type. The structure of the discussion is adequate. Arguments are presented for two different viewpoints but some are not clearly articulated. There is a good introduction but the opening statement has not been supported in the conclusion. There is evidence of some editing and most words are correctly spelt.

Jo's response demonstrates characteristics of work typically produced by a student performing at a grade C standard.
